Gallery Sumukha

Bengaluru, India

Gallery Sumukha, Bengaluru begun from a modest space in 1996, has evolved over the years and is currently housed in the largest private gallery space of South India.

Sumukha caters to a wide audience, nationally and internationally. Having been through economic and aesthetic changes that have occurred globally, and in India and Asia, Sumukha emerges more learned and capable to deal with any future upheavals that may arise.

Sumukha has a history of working with external curators and artists from various parts of the world and supports artists in terms of commissions and relevant spaces to expose their conceptual thinking, thus marking it as an international space. Simultaneously it presents Indian Contemporary artists abroad. Gallery Sumukha is also a platform for established and next generation artists to showcase all forms and media of Contemporary Art.
